

FAMILY PICTURES

THE TWINS TURN 9 MONTHS

Frances and Katherine turned 9 months old on April 8, 2005.

At a doctor appointment this morning Katherine weighed 19.2 pounds and Frances weighed 19.13 pounds.

Both girls are eating more solid food these days. Tonight they had a little chicken baked with pesto along with their cheerios. Most of their diet consists of the normal jarred baby foods (all organic).

Each day we are greeted with chants of "da-da" and "ma-ma." Do they actually know what they're saying? Who cares. It is just so cute.

Enjoy these new photos!
