**Cost: \$25.⁰⁰

Town Hall: Role of Religion in Politics

Doors Open 6:15pm

FREE, Open to the Public

Our **Issue Training and Skills Building Workshop** will give you the skills you need to educate, train others and initiate faith based activism around religious liberty and the intersection of religion and politics!

Our **Town Hall Series** will provide expert perspectives and analysis in interpreting the role religion will play in this election year.

The Interfaith Alliance is touring the nation educating Americans on how religion and government *can*, and *should* work together in a manner that both preserves the autonomy of houses of worship and ensures that religious institutions are not reduced to the status of political tools for candidates.

The Interfaith Alliance will provide you with the tools to:

- ✓ Facilitate community activism
- ✓ Challenge religious political extremism
- ✓ Encourage civic participation

**Scholarships are available!
